

Quality Policy

Double Life Corporation is committed to establishing and implementing a certified Quality Management System that supports customer, statutory and regulatory requirements.

We continually improve the effectiveness of the Quality Management system by utilizing Internal Audits, Third Party Audits, Nonconformance Reports, Corrective/Preventive actions and the analysis of appropriate data on the performance of the system. This information provides the framework for establishing Quality Objectives at relevant functions and levels within the organization that are measurable and consistent with this Quality Policy.

Double Life Corporation ensures that this Quality Policy is communicated and understood within the organization and reviewed during Management Review Meetings for continuing suitability.

President

The President of Double Life Corporation has formulated the quality policy. The policy is explained and discussed at the general orientation training given to all new employees and has been reviewed with all current employees. All employees are expected to know what the quality policy means to them as it affects their job or position within the company. The policy is posted in prominent locations throughout the facility.
